PROFESSIONAL SUMMARY

Enthusiastic software developer eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of .NET software development and training in HTML and CSS. Motivated to learn, grow and excel in the tech industry. Adaptable and focused instructor with demonstrated success in managing organized classrooms, updating records and providing both group and individualized instruction. Experienced with developing new models for math instruction. Looking to take my experience and skills with me in a new direction in technology.

SKILLS

- API/MVC design knowledge
- .Net development
- Agile workflow processes
- HTML and CSS proficiency
- Clear and effective communication
- Engaging personality
